After his invitation to play in SXSW is cancelled, Billy decides to go on a vacation to Bali, a popular holiday destination in Indonesia, instead to look for inspiration for his new album. There he meets some very interesting and lovely ladies!

Characters

Rosie Lowe (23) [Edmonton, Alberta, Canada) – Rosie is a freelance journalist working for a major newspaper’s office (she won’t tell anyone outside work which newspaper it is) in Hong Kong. She decided to go to Bali for the weekend to get away from the stresses of journalism.

Madison Sims (26) [Gold Coast, Queensland, Australia] - A recent divorcee who has travelled to Bali by herself to erase the feelings she had for her ex-husband and to party as she has never done before in her life! Madison is confident and outgoing!

Kendra Charleston (24) [Gary, Indiana, USA] – Kendra is a lounge singer at the hotel where Billy is staying. She dreams of moving to Los Angeles one day to try to make it as a singer or actress. Kendra is sultry, ambitious and determined.

Queenie O’Hara (30) [Liverpool, UK] – After working for eight years at a banking job in London, Queenie decided to finally follow her dreams and set up a bistro in Bali. Queenie is friendly, welcoming and warm.

Elaine Tuttle (31) [Atlanta, Georgia, USA] – Billy’s booking agent and one of his closest friends. Equally cunning and charming, Elaine is a sharp and funny go-getter.

I bought this during a sale as it seemed interesting enough, and it had a nudity patch. But that was all. It only added some nudity. Everything else is censored (or probably non-existent); with a representation of the act being a volcano erupting. I only bought it as I wanted to try a hentai-ish game since Steam allows that sort of thing now, and this was very cheap. But I've come across some much better graphic novels of that sort now. I suggest going for a slightly more high budget game if you're looking for something more intriguing.. Way too short. No real story. It is all about seeing eight boobs (on four girls) and that is it. It takes less time to play than my daily 3-S's. Because of this I will not buy any more "King of *" titles from this publisher. There are too many other stories that last longer, have rich stories, and even though they may have the same or less nudity are better worth their five times the price.. this is a god damn waste of money!. The main character said the n-word twice

Definitely worth the two dollars

[spoiler](Also the images are decent)[Vspoiler]. this is not a game, just text that scrolls and no nudity and you can finish in 5 min >:|. Not worth it! The story is too short to the point you can finish this game in less than 5 minutes. And even with the 18+ patch it not worth it. Only way I would recommend this game is for achievements which are super easy to complete and trading cards.
